

Print-Order Terminal Software for in-store & online orders

# Smart Picture Creation

Offer your customers convenience

## Print from anywhere

Order photo products on site at a Kiosk, at home from a PC, or on the go from a smartphone

## Always up to date

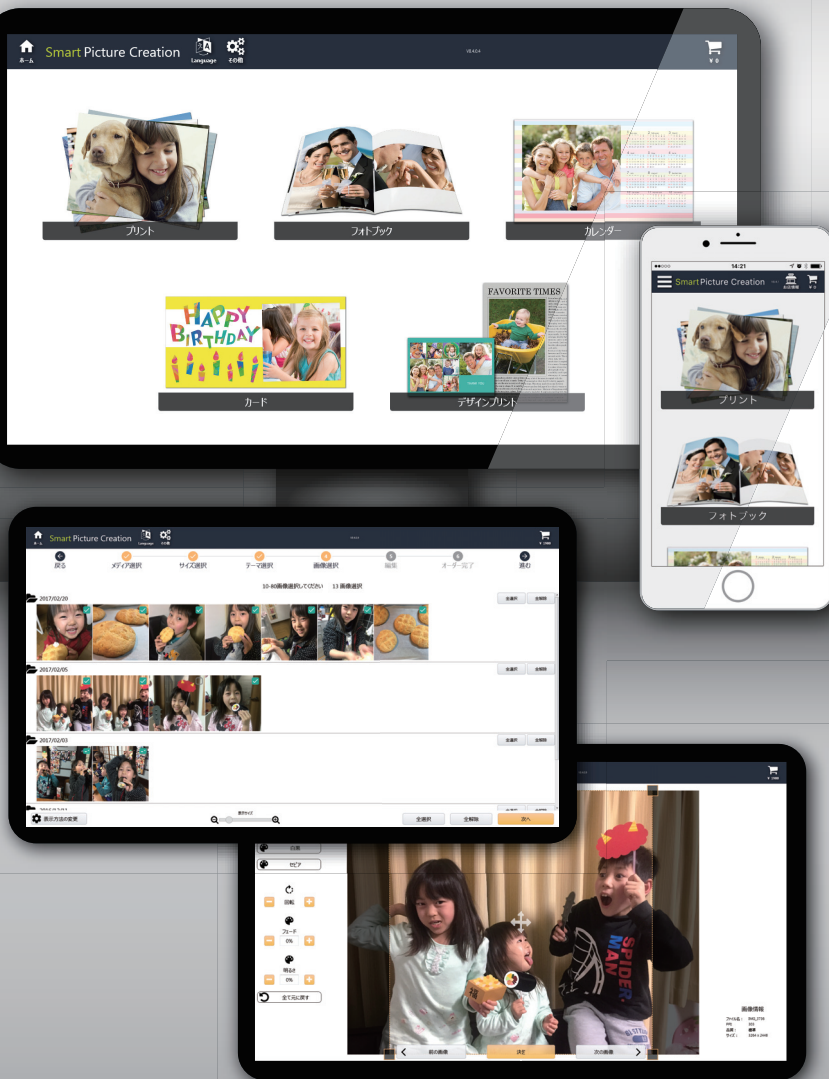

Products templates and software are automatically updated

## Easy to use

Simple ordering process and payments can be done online or on site

Increased opportunities to receive orders from in-store Kiosk, consumers' homes, outside, and more!

**Photo Prints**

**Photo Books**

**Calendars**

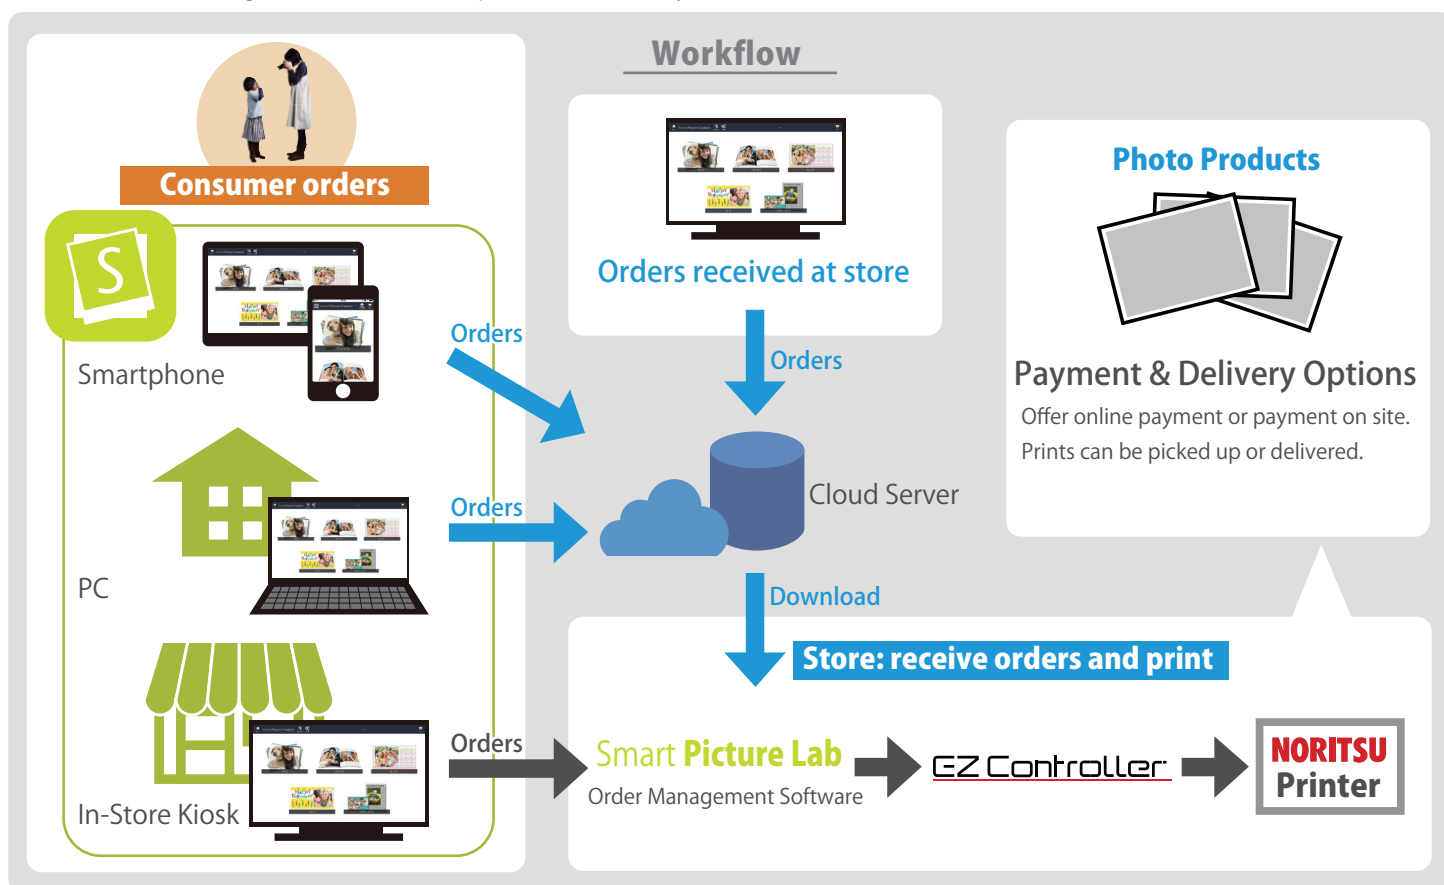

**Collage Prints**

# Internet Package for online orders

**Offer your customers online ordering. It's now easy and affordable.**

Receive orders from PCs and smartphones with a Smart Picture Creation "Internet Package" subscription. Your customers will love the easy to use interface and payment options, and you will appreciate the flexibility of a cloud based system. Orders can be received and printed anywhere on the network.

\* "Stand Alone Package" is available for simple in-store order system without online order features.
